

On **Tuesday 8th November 2016**, three of the school's finest athletes were invited to take part in the Birmingham Primary Panathlon games. Many schools across the city competed in a friendly mixture of skills-based races and games. As Our Lady of Fatima is quite a small school in comparison to others present, we were lucky enough to join with Paget School to make a team of 8 and in doing so, struck up some new friendships.

The children were complimented many times on their behaviour, enthusiasm, team-spirit and motivation. Miss Walker and Mrs Harlow were delighted to be able to join the children in their adventure across the city and were so proud when they received their medals and certificates at the end. In fact, they are certain that Our Lady of Fatima has just witnessed the start of an Olympic journey! The children were an absolute credit to both school and their parents. Everyone is really proud of you!
