

On **Monday 13<sup>th</sup> February 2017** the Sparks team from Woodgate Valley Fire Station visited Year 4 to explain basic fire safety in their homes. The team explained they were "live" which meant that they were on call and there was a possibility they would have to leave to attend an emergency during the visit. They learnt about the role of the fire service in our community; they played games and answered quiz questions. The dangers of hoax calls were also explained to them. At the end of the visit, Year 4 all went outside to see the fire engine, how it worked and the various appliances on it. Thank you to the team for taking the time to share fire safety information with Year 4.
