

# Lightwoods Park

Year 2 visited Lightwoods Park and House on **24th May 2017**. They were the first school to visit the house since the completion of the big renovation project. They learned about George Adkins and his family and investigated the rooms used by family and servants. Year 2 discovered that they had William Morris wallpaper! The Shakespeare Garden was a peaceful place for their picnic.

Julia turned on the fountain just for the class visit. After exploring the house they looked at some of the features of the park and played 'imaginary' instruments in the bandstand. What a lovely day!
