

Reception Class children visited Ash End House Farm on **Tuesday 27th June 2017**. They learnt about where food comes from and helped to care for the farm animals. The children discovered that one cow provides 26 pints of milk a day! They handled the chicks, rabbits and guinea pigs and fed the sheep, lambs, goats and ducks.

They enjoyed eating their picnic at the farm, as they celebrated Hector's birthday with a cake. They even found time to play on the tractor in the play area. A fabulous day was had by all!
