

Change4Life Festival

On **Thursday 18th January 2018** eight children from Year 5 attended the Birmingham School Games at the Doug Ellis Sports centre. We were among many other schools from across Birmingham. There was a great variety of activities from skipping to ball skills, tactical games to core strength and the children did marvellously. They even made their own game up at the end which the event organisers will use in future events.

The children were a credit to their school and community and we are very proud of them.
