

# Digital Leaders visit the Apple Store

On **Thursday 28<sup>th</sup> June 2018**, KS2 Digital Leaders visited the Apple Store in Birmingham to have a lesson on creating movie trailers. It was an excellent opportunity for the children to learn how to use new video making software that we have in school as well as learn how to take different types of photos. After deciding to create trailers for the 2018 World Cup in Russia, the final movie trailers were stunning. Everybody thoroughly enjoyed themselves and learnt something new.
