

How do I know if I live within the Parish of Our Lady of Fatima?

Many parents ask us to clarify which parish they live in. This is important for parents who are applying for a school place with a Roman Catholic faith claim because it determines which 'category' their child is placed in, and thus ranked, when making an application for a place at the school (see admissions policy below).

Please contact the school if you need further details, for example the boundary for neighbouring parishes.
