

Evidencing the Impact of Primary PE and Sports' Premium

Background

The Sports Premium funding is jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary schools to spend on improving the quality of sport and PE for all their children with the aim of encouraging healthy lifestyles. The purpose of the funding is that schools will spend the sports' funding in directly improving their provision of PE and Sport, although they will have the freedom to choose how they do this.

Allocation

In **2016 – 2017** the school received funding totalling **£8,900**.

The intention is to increase the quantity and quality of physical activity for all pupils; increase opportunities for children to take part in extra-curricular sporting opportunities; give a greater number of children the opportunity to access competitive sports; and support teachers in continuing their development of delivering high quality PE. During this academic year the school was proud to be awarded a Silver School Games certificate for our commitment, engagement and delivery of competitive school sport.
