

Going Back in Time...

Year 3 had a great time at the Black Country Living Museum on **Friday 5th July 2019**. They visited the Victorian school and had a lesson with a very strict teacher. He was very impressed with their knowledge of times tables but unfortunately Mr Rollason was given the cane for talking in class! There were lots of shops and buildings to visit that were exactly as they would have been in the 1930's. They visited a chemist, a sweet shop, and a hardware shop that was taken from Quinton!

After lunch the children watched a chain maker at work and had a look in a canal boat. Some of them even went to a cinema—the film was all in black and white. They finished off the day investigating the limestone rocks at the viewing point and found evidence of shell imprints that proved the area had once been under water.
