

Gardening Club

During the **Autumn term**, Miss Boulton led a Gardening Club for 15 children from Years 2 - 6. During this time, the chosen gardeners thoroughly enjoyed being outside, using proper gardening tools, filling the wheelbarrows with weeds and planting new seeds.

During their time in the Gardening Club, they focussed on weeding the raised beds and the herb garden on the KS1 playground. They even sorted seeds, planted them, and used old and out of date seeds to create seed pictures, when the weather was too bad to go outside.

All the children are very much looking forward to the Gardening Club which will begin again in the Spring and Summer terms.

We would also like to thank the PTA and members of the Academy Committee who have been sharing their gardening skills at weekends to ensure that the outdoor school environment remains tidy and welcoming.
